

Regulations

1. Burning is allowed by property owners, legal occupants and/or authorized individuals eighteen (18) years of age or older.
2. You must obtain a new burn permit each burning season. Regulations may change from year to year and it is **your** responsibility to understand these changes.
3. Your valid burn permit must be available on site while burning.
4. The fire **must be attended at all times** by a person capable of extinguishing it quickly.
5. Fire must be guarded with water, such as a charged garden hose or pails of water. Hand tools should be readily available to extinguish the fire if necessary.
6. Fire Officials are authorized to require that burning be immediately discontinued if smoke emissions are offensive to occupants or surrounding property.
7. An open fire may not be started or maintained when winds may create a fire hazard.
8. Each day that you burn, **call the DEQ** (Department of Air Quality) at **1-800-633-6247, 3#** for air quality conditions. Burning shall only be accomplished on a “green” day.
9. **BURNING DURING CLOSED BURNING SEASON IS PROHIBITED.**
10. If any of the permit and/or open burning regulations are violated, your burning privileges may be revoked immediately and you may be charged for manpower and equipment for responding to an illegal burn.

Mica Kidd Island Fire District requires a valid burn permit for any outdoor burning— with the exception of recreational/cooking fires— from May 10th through October 20th.

YOUR FIRE IS YOUR RESPONSIBILITY

Outdoor Burning Regulations

Mica Kidd Island Fire District

9-1-1

for emergencies

Recreational or Cooking Fire

1. Burn permits are not required for recreational/cooking fires.
2. Recreational and cooking fires are permitted during night time hours.
3. Recreational and cooking fires can either be in a stove purchased, heat resistant, patio fire pit or stove; or can be a ground fire pit.
4. Ground fire pits must be ringed with stone, brick, or a steel fire ring. A minimum of three feet around the pit must be cleared of all combustible or flammable materials (weeds, trees, fences, structures, etc.)
5. Ground fire pits must be no larger than three feet in diameter.
6. Attendant must have a charged garden hose or pails of water and a shovel on scene at all times.
7. All fires must be attended at all times and put out prior to leaving...this means cold to the touch.
8. If any of the permit and/or open burning regulations are violated, your burning privileges may be revoked immediately and you may be charged for manpower and equipment for responding to an illegal burn.

Yard waste permits...

1. You must obtain a new burn permit each burning season. Regulations may change from year to year and it is **your** responsibility to understand these changes.
2. Yard waste permits are valid for ten (10) consecutive days. To re-new your burn permit for another ten day period, call us at (208)769-7946 or mkifire.com.
3. Yard waste burning shall be conducted during **daylight hours only**. Fires must be totally out by dark. This means **cold** to the touch.
4. **The fire must be attended at all times.**
5. Only dry, natural vegetation may be burned, such as leaves, pine needles, lawn clippings, and small tree trimmings. Natural vegetation to be burned should be as dry as possible.
6. All yard waste debris burning requires a clearance of 50-feet from any structure. Small piles (3-feet in diameter or less and no higher than 3-feet) can be 25-feet from a structure.
7. Burning of construction debris by contractors and commercial trade waste is prohibited. Hauling debris from one property to another to burn is prohibited. Small warming fires are allowed but shall be contained, shall involve clean lumber only (no glued products), and shall be extinguished before leaving site.
8. Open burning rules prohibit the burning of most processed or manufactured materials such as: garbage from food preparation, dead animals or animal waste, junk motor vehicles or parts, tires or other rubber materials, plastics, asphaltic materials, tar and petroleum materials, paints, preservative-treated wood, trade waste (commercial, industrial, or construction

Burn Barrels Permits

1. You must obtain a new burn permit each burning season. Regulations may change from year to year and it is **your** responsibility to understand these changes.
2. Burn barrel permits are valid between May 10th and October 20th, fire conditions permitting. The Fire Official will notify the permittee if said conditions are deemed hazardous and burning is restricted.
3. Barrels must be in good condition, up on noncombustible blocks and have a screen with 1/2" maximum mesh.
4. There must be 10-feet of clearance from any combustibles; including buildings, fences, weeds, etc. There must be a 5-foot clearance from any noncombustible.
5. **ITEMS THAT CAN BE BURNED:** Wood products, cardboard, paper, dry pine needles, dry lawn clippings, and dry garden waste.
6. **ITEMS THAT CANNOT BE BURNED:** Any type of plastics, rubber products, paint, paint cans, fiberglass products, carpeting, furniture, stumps, household garbage, or any other non-combustible item.
7. **If any of the permit and/or open burning regulations are violated, your burning privileges may be revoked immediately and you may be charged for manpower and equipment for responding to an illegal burn.**
